Data Sets in Question.xlsx

Hi John,

Thank you for sending this. We would like to receive 3 of the 4 data sets listed on the External Data Sets worksheet. These are the Woodard and Curran, Givaudan, and Eckenfelder sets (we have the Windward data).

In addition, without location or sample IDs, we were not able to confirm that the 23 data sets in the attached spreadsheet are equivalent to the ones we have. As such, could you please forward these as well?

Please let me know if you have any questions.

Thank you!

Stephanie

Hi Stephanie – Attached are listings of the datasets that we have in our Passaic database. Let me know which of these you would like to receive.

The Excel Workbook contains the following worksheets:

NOTES: A very brief description of the workbook

Passaic\_Master\_Database: a summary of the studies that are contained within our project central database.

External\_Data\_Sets: a summary of four external data sets that we have used

Matrices: a dictionary of the sample matrix descriptions (the matrix codes come from the various data sets as-is)

John
